THE FACTS

DO YOU KNOW?

The first amendment of the U.S. Constitution says Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

This freedom protects the expression of our individual values, ideas and opinions and prevents the government from stifling the spoken word and from controlling any of the ways we reach out to others.
